Reference Letter: Computer Kortez – Edward Mathekga

To Whom It May Concern this letter serves as reference letter for Mr Edward Mathekga from Computer Kortez.

We have had the privilege of working very closely with Computer Kortez for the last few years. They have supplied us with numerous products and services ranging from Hardware supplies like laptops, desktops, projectors, terminals, screens, keyboards and mice; Networking equipment including network cabinets, switches, wireless access points etc.

They have also recently assisted in networking our entire new business centre with +-300 network points.

I can personally recommend Mr Edward and his team from Computer Kortez.

Please do not hesitate to phone or visit us.

Quentin Janse van Rensburg
